## 100s MC Night Race is ON!!!

It is a pleasure to announce that the 100s MC will be hosting round three of the 2008 AMA District 37 Summer Night Race Series. Race date is July 26, 2008 in Red Mountain.

Format details are still up in the air, but it looks like the most favorable format will be a European scramble style team race. The idea behind having a team race is that there will hopefully give more riders a chance to enter by allowing those people that don't have lights on their bikes to team up with those that do have lights. Additionally having only half the field on the course at any given time will also make life a bit easier for Rescue 3.

Since it's a night race there are a few items the club needs to help get the show on the road. The plan is to light up the parts of the course with Christmas lights, so

we need donations of all the lights we can get. Small lights or large, they just have to light up. In order for us to have Christmas again in July we also need portable generators to power the lights. We also need 2"+ white or yellow reflective tape, and reflective markers to help with course marker visibility.

More details to follow soon.

100s MC 1st Night Race Team, 2006, Los Vegas, NV. Berry Myers, Tommy Russell & Nathan Eller.

Berry at the starting line!!!!
