## **The Night Races are Coming!**

If you like bumping into things in the dark, tripping over your own feet, or having surprises jumping out in front of you from nowhere, then night racing is in your blood! May 29, 2010 the 100s MC will be hosting our 3rd annual night race with Loop Captain Steve Argubright guiding us into a frenzy of wild excitement with a dash of temporary madness within the darkness. Now that your heart is beating out of your chest, we have something else to push you off the edge! The 100s will also be hosting a Hare Scramble and our 1st Annual California Quad Championship on the same day, three races rolled into one day. Now I know what you're thinking, "Tommy that's going to be a lot of work." Then turn the page to read about our master plan!

### The Master Plan!

The tilted of this master plan is "100's MC Classic 2010." The art work you see up on the top left corner will be the main art work for the t-shirt. Ok now its time to get to bass tacks for the three races packed into one day. The Hare Scramble and Quad race (Rick Bosemer Memorial Quad Race..lol just kidding Rick!) will be a 90 minute race plus 1 lap. The night race will be a four hour race plus one lap, this should keep the night short for us. After each race we have a live trophy presentation for the top three overalls and the top woman, with trophies (MX Trophies) and big bottles of champagne (Bad Lt Racing) to hose down the crowd. We are returning to Charlie's Place to host the races with a new twist, pit row will also be the starting line, starting by class. This should be a crowd pleaser for all and an enjoyment to watch the start, pitting and trophy presentation all in one place.

### Job Assignments:

To make the master plan breathe life into our event each club member will be assign to one job for three races, sound easy? In other words if you are assigned to work a check point, you are working that check point for each race, this will be incorporated into all job assignments. For those assigned to check points (only two) you may want to take your trailer out to your location to have all the comforts of home, its going to be a long event. Oh hey, please feel free to deck out your job location with lights, pole dancers, or just release the Chupacabras into the desert for an ambush!

### Schedule:

10:00 a.m. Hare Scramble / 90 minutes + 1 lap  
2:00 p.m. Quad Championship / 90 minutes + 1 lap  
8:00 p.m. Night Race / 4 hours + 1 lap

## **Sponsors Wanted!**

The basic amount to host a night race come out to about \$3500, and we need help from sponsors to cover that cost. Currently we are running short and we need more knocking on doors. Please go to our web site [www.100smc.org](http://www.100smc.org) and print off a sponsor letter, this should help you sale a sponsorship and give a little information about the 100s MC. Just remember every one's money is green and spends the same, hit up your favorite watering hole, restaurant, or donut shop, you maybe surprised!
